NOTICE TO CONTRACTORS
 AND
BUILDERS.

Arrangements!

THE quarry has discovered upon his premises a splendid

QUARRY OF FREESTONE.

which produces to surplus anything yet found in the state, as well as all of the many already developed in it.

A Beautiful, Cheap and Durable Building Material.

He has made arrangements, to work this together with the lustily celebrated

Masonry Lime Stone Quarry,

on a scale equal to the demands of our enterprising citizens, and in order to accommodate his future as customer, he has made arrangements to keep constantly on hand a large supply of

ATHENS MARBLE.

He is now filling up extensive saw and scoring mills, and other machinery necessary for working the mass, at a great reduction from former prices.

He is also wishing to call attention to the fact that sound cutting of dimension stone can only be done at great distances from the surface, and that the Mazonian Quarry is the only one of the low level worked far enough to reach those conditions that are imperishable when exposed to the action of air and dust.

He is supplying his quarry with derricks to facilitate the handling and loading large stone, and is fitting up extensive conveyors, cars and trucks, rigged with the most approved machinery for moving and delivering dimension stones of any size.

He is also prepared to furnish, on order, to thirty feet square, and from six to twenty inches thick, or any required length up to one hundred feet, or any part of the top or bottom of the stone.

He is prepared to furnish

Cut Stone

of every description.

PLAIN, MODULATED, CARVED OR POLISHED FLAINDS of any required dimension.

Carbing, Paving, Rabbled and Coursed

be delivered at his residence or any part of the city, to my purchasers.

In conclusion, he begs to assure the public that he is in the superior quality of his business, and desirous for furnishing him cash and will make it to their interests to do so.

All Orders from the city or country will be promptly attended to.

Assertions Wont Do.

The Democrat of this city, for the short

time it has been in existence, has gained for

itself an unenviable reputation for making

false charges against its opponents, without

attempting, of course, for that is impossible,

to bring forward a particle of proof to back

up its wild assertions. Its policy is to make

wholesale charges of the most outrageous

character, and then stand back upon its

digity (1) and say that they are good until

disproved. Such a mode of discussion may

suit the Democrat, which has no argument

but assertion, but we will not enter into it.

The other day it said that Mr. Lincoln

was a "tory and a traitor to his country."

We called for the proof, but it utterly failed

to present it. It was an infamous aspersi-

on upon the character of a good man and

patriotic citizen, as could be coined. It

was, moreover, an insult to the party which

supports him, which does not yield to any

other party in the country in its patriotic

impulses. The Democrat may think to

pass such things off with a sneer, but it

cannot do so—the false and scandalous im-

putation is not forgotten, and will recoil upon

its authors.

So again, it wished to impress the public

mind with the idea that the republican party

is the abettor of treason, revolution, blood-

shed and insurrection. It made its charge,

as usual, without distinction upon the whole

party; and for a wonder brought forward

what it called its reasons. They consisted

of what purported to be extracts from the

speeches and writings of public men.—

Two of these extracts we knew to be for-

geries—those attributed to J. E. Giddings

and Horace Greeley. We know it, because

we have, several times, seen the exposure

of them by these gentlemen. They are old

forgeries, and if the editors of the Demo-

crat are at all posted in their business, they

must have known it. Indeed, they ac-

knowledgeed that they had seen some sort

of a denial by Mr. Giddings. Of the other

extracts given, and attributed those who

are really republicans, no clue to their authen-

ticity can be obtained, because it is not in-

dicated where the speeches were made or

the sentiments published. But having found

two forgeries among them it is fair to con-

clude that the whole batch are lies, manu-

factured either by the Democrat or taken,

second hand, from some dealer in those

kind of wares.

We are the more inclined to come to this

conclusion, because there were extracts

from Wendell Phillips, William Lloyd Gar-

risson and Stephen C. Foster, who are set

down by the Democrat as republicans, and

whose dismission and ultra abolition senti-

ments are published as the opinions of the

republican party. Now the editors of the

Democrat know that neither of these men

are republicans, but that they take every

opportunity to denounce us and our orga-

nization. We say they know it, because it

is not possible for men to know anything

at all of the current opinions of the day

and the men who utter them, without know-

ing all this. It was, therefore, a willful

falsehood to say that they were republicans,

and uttered for the purpose of deception.

When we saw the Democrat taking this

course, and persisting in it from day to day,

in the most shameless manner, we conclud-

ed that it was useless work to follow after

it, and disprove its slanders. We know

that it sometimes takes three columns of

space to disprove a lie of three lines, and

we were determined not to be led about in

such a race. So, having pointed out its

infamous imputation upon the honor of our

candidate, its forgeries, and its untruthful

representation that Garrison & Co. were re-

publicans, we think we were justified in

saying that we would believe nothing more

that it might publish, without proof accom-

panying it. So far as we are concerned,

the Democrat has lost its character for fair-

ness, decency and truth, and we shall in the

future treat it as unworthy of any consid-

eration in that behalf.

THE MURDERED METHODIST CLERGYMAN
IN TEXAS.—The Albany Journal has the

following in regard to one of the men re-

cently murdered in Texas:

"Rev. Mr. Bewley, who was hung in Texas
a few days since on suspicion of abolition-
ism, will be remembered by many who
attended the general conference at Buffalo
last May. He represented the Arkansas
conference, and was recognized as a pious,
humble and devoted evangelist. His
views of slavery were of the mildest charac-
ter, and he would be deemed the last man
to thrust his views offensively—mild and
conservative though they were—upon any
community. On his removal to Texas a
few months since, he carried with him tes-
timonials of his humility and devotion to
his work. But he was a Methodist! That,
in Texas, is deemed the equivalent of abo-
litionism; and the devoted minister of
Christ, guilty of no crime, and on the mere
suspicion that he cherished offensive op-
inions, was hung up like a murderer!"

Republicanism in Texas is also deemed
equivalent to abolitionism. Here are two
classes of citizens excluded from a portion
of the republic because of their opinions
upon religious and political subjects. It is
because of the fanaticism of slavery, that
these wrongs are committed. The demo-
cratic party of the country seeks to extend
this institution—Douglas boasts that his
popular sovereignty principle has extended
it over New Mexico. Is it well for the
country that the curse of such a barbarism
as will not tolerate free principles and the
exercise of religion, should be permitted to
spread its net over the North American
continent? Let all men ponder these
things, and vote as conscience shall dictate,
regardless of party.

The Democrat of this city, in the
course of an article which is characterized
by a fendishness which is rarely equalled,
even in the lower depths of politics, says
that "the history of the republican party is
smeared all over with blood." Suppose we
should go to Alabama and write a similar
article which contains this sentence, in re-
lation to the democratic party; would we
be safe from personal harm for one mo-
ment? And yet the author of that sentence
goes about our streets, takes republicans by
the hand, smiles when he meets them, and
acts neighborly favors from them, and not
a hair of his head is harmed. Why the
difference? Because we feel here that even
such errors may be tolerated, where the light
of truth is permitted to shine without ob-
struction; but in a slave ridden country,
their fears and their prejudices cloud the
reason, and put out all emotions of charity.
We here pity a man whose intellect is so
perverted as to permit him to write such a
thing about his friends and neighbors—
there a selfish fear destroys all pity.

The Democrat calls its forged ex-
tracts from republicans, and its classifica-
tions, arguments, and sets back on its dig-
nity because the Gazette does not disprove
them. The man who would ask another to
disprove an assertion that the sun shines at
midnight, would offer an exact parallel to
our neighbor. If there is any proof requir-
ed in the case, the Democrat should furnish
it, as it has made the charge; and we will
quietly hint that no paper with which we
are acquainted needs proof of its assertions
more than the Democrat.

A VALUABLE DOCUMENT.—A document,
published in the Times and Herald some
weeks ago, entitled "Lincoln's Abolition-
ism," has been published in pamphlet form,
and can be had at the rate of fifty cents per
hundred copies, by addressing Virgil Ric-
kox, Springfield, Ill. This is a most valu-
able document, and commits Mr. Lincoln
most completely to the doctrine of negro
equality. It should be in the hands of ev-
ery voter in the country.—Chicago Times
and Herald.

Inasmuch as the Democrat of this city is
endeavoring to prove that Lincoln is not an
anti-slavery man, we suppose they will not
ad the Times and Herald in advertising this
"valuable document;" we therefore
give them the benefit of the publication of
the above notice without charge. It is evi-
dent that the democracy, as usual, have two
kinds of documents—one for southern lo-
calities and the other for northern. It is
some like Douglas' position on the tariff—
for protection in Pennsylvania and for free
trade in Alabama. We don't believe such a
two-faced, double dealing party can cheat
the people into their support.

Gov. Seward in St. Paul.
The telegraph gives us the following ac-
count of the reception of Gov. Seward at
St. Paul, on Tuesday last:

Seward arrived here last Sunday morning.
Monday he visited Minneapolis, St. An-
thony, and Minneapolis. Public recep-
tions and escorts by Wide Awakes awaited
at each town. Speeches were made by Sear-
d, Adams, Nye and Wilkinson.

He was welcomed to St. Paul by Wide
Awakes and citizens, and attended a ball
given by Gov. Ramsey. To-day he address-
ed a large meeting here. His speech, which
was very able, was fully reported for the St.
Paul paper. He goes down the river to-
night to Dubuque, from thence to Kansas.
This has been a gala day for St. Paul
and vicinity. At an early hour this fore-
noon, throngs of Wide Awakes and others
came thronging into the city. Crowds came
together from St. Anthony, Minneapolis and
Brooklyn. A large delegation came from
Hennepin, also from Washington and other
neighboring cities.

The day has been on the whole pleasant
for such a political gathering. The first of
the afternoon the procession escorted Gov.
Seward and party through several of the
principal streets to the Capitol Park. He
delivered a speech of over two hours dura-
tion, which was eagerly listened to by the
great assembly.

This evening a torch light procession of
Wide Awakes came off, numbering several
hundred, and also a display of fire works.
Altogether the day will be long remembered
by the republicans of Minnesota, who had
the pleasure of listening to the distinguish-
ed gentleman.

PERSONAL.—Mrs. Stephen A. Douglas
will arrive in this city on Friday and has
taken rooms at the Tremont house.

The Marquis and Marchioness of Chaud-
hove have also taken rooms at this hotel.
The Prince of Wales, with his entire
suite, will arrive here on Friday evening.—
They have selected the Richmond house for
their home, while in our city. The party
consists of Lord Renfrew; His Grace, the
Duke of Newcastle; Earl St. Germain; Sir
R. Bruce; Major General the Hon. R.
Mr. English; Mr. Warr; Mr. Jenner;
Dr. Acland and about forty others.—Chi-
cago Journal.

ALL SORTS OF PARAGRAPHS.

Fully ten per cent. of all the apparent
gold coin in circulation, is estimated to be
bogus; much of it being so admirably ex-
ecuted as to deceive bank officers and other
first class judges. The natural and legiti-
mate loss in value of gold coin is immense.
The estimated loss on the coin in circula-
tion in the United States is over \$1,000,

Blondin has taken down his rope at Ni-
agara, having given his last walking exhi-
bition of the season on last Saturday, in
the presence of the Prince of Wales and

little Frenchman's extraordinary feats.—
The Prince complimented Blondin, con-
versing with him in French, and made a
present to him of \$500 before his depart-
ure from the falls.

Hon. John C. Breckinridge is said to be
confined to his home by illness.

Five editors in Michigan have been no-
minated for the legislature this year.

A school master in New London, Con-
necticut, has sued a pupil named Gordon,
for damages for an assault, and recovered a
verdict of \$200.

The Prince of Wales, when at Niagara
falls last Saturday, is described by the
Buffalo Commercial Advertiser as "dressed
in coarse cassimere pants, blue frock coat,
white hat and English shoes. He is about
6 feet 7 inches in height. His complexion
is light and girlish, giving him rather an
effeminate air. On his finger he wears a
handsome seal ring, also a plain one—
these, with a gold chain, are the only orna-
ments visible about his person.

The largest sugar estate in Cuba con-
tains 11,300 acres, employs 866 slaves, and

smallest number of slaves employed on any
estate is 300, and no estate has less than
6,000 acres. The yield to each slave is 10,
000 pounds of sugar. There 2,000 sugar

Another steel in the Illinois treasury is
heralded. The abstraction of \$6,480 of
coupons in state bonds has been traced to
ex-Gov. J. A. Matteson.

Rev. Orestes A. Brownson, the distin-
guished reviewer of the catholic faith, has
declared for Lincoln and the doctrines of
the republican party. Rather a remarkable
convert to republicanism.

Mrs. E. C. Goodwin, of Minneapolis, well
known as a daguerrean artist, committed
suicide by stabbing herself with a knife on
Monday evening last. She had been sick
some days with a fever, and was suffering
much from mental depression at the time.

Ice formed half an inch thick in the
North Woods, Herkimer Co., N. Y., last
Monday and Tuesday, and there was snow
on the Catskill mountains Thursday morn-
ing. "There is a north."

The Cincinnati Price Current says a re-
markable feature of trade with the south is
shipment of cabbages, cucumbers and to-
matos to Tennessee and Georgia—unmis-
takable evidence of the nature and conse-
quence of the drought.

THE LITTLE DOGGER.—On the 1st of
March, 1855, Stephen A. Douglas, in his
place in the senate of the United States
said: "I am for a reduction of the tariff
to a strict revenue standard. I am a free
trade man to the fullest extent I can car-
ry it, and at the same time collect revenue
enough to defray the expenses of the gov-
ernment. In other words, I am for no oth-
er kind of a tariff than a revenue tariff."

The other day at Harrisburg, Pa., where
he thought he could make a few votes, he
entered into a defence of the protective tar-
iff policy, especially as applied to Pennsylv-
ania interests. Did the world ever behold
such a spectacle! "Now you see it—now
you don't!"

A LADY WHO DRESSED WELL.—The ex-
ecutors of a lady named Desmond, who
died at Brompton last May, sold the extra-
ordinary number of 1,800 silk dresses, 700
velvet mantles, 200 bonnets, and upwards of
100 pairs of shoes, with innumerable ker-
chiefs and scarfs of all colors of the rain-
bow, which had been purchased by the de-
ceased lady within ten years of her demise.

TAKE SOME THINGS.—Cats are in demand
at Pike's Peak, as mice are plenty, though
rats are not known in that part of the coun-
try. Cats sell at a high price. Indians are
said to be very fond of them, and have been
known to give three or four buffalo skins,
valued at four or five dollars each, for a cat.

STIPPING VEGETABLES SOUTH.—The Cin-
cinnati Price Current says: "A remarkable
feature of the trade with the south is the
shipment of cabbages, cucumbers and to-
matos to Tennessee and Georgia—unmis-
takable evidence of the nature and conse-
quence of the drought."

A DAGUERREOTYPIST IN TROUBLE.—A
daguerreotypist, named Douglas, of New
York, has been prosecuted by Matilda Foul-

ness with a card attached on which are the
following words: "The proprietor would
like to know where the original may be

GERMAN REPUBLICAN STATE CONVEN-
TION.—A state convention of the German
republicans of New York, to adopt mea-
sures for the rigorous prosecution of the
campaign, will be held at Albany on Thurs-
day next. Two delegates from each con-
gressional district have been appointed.

So great is the pressure upon its means,
that the New York Central railroad has con-
cluded to refuse all grain in bulk, and carry
none but such as is in barrels or bags, at
least until the storage accommodations at its
end are cleared.

Allen county, Indiana, contains 29,282
inhabitants. In 1850 it contained 16,919,
a gain of 12,363. Ft. Wayne, the county
seat, has 8,546 inhabitants.

Gov. SEWARD'S ARABIAN HORSES.—A
telegram from Boston announces that the
three Arabian horses presented to Gov.
Seward, by Ayoub Bey, have safely reached
Boston. Messrs. Dabney & Cunningham,
to whom they were consigned, will forward
them as soon as they are able to bear the
journey to Albany, whence they will be sent
on by the Central road to Judge Sacket's
farm at Seneca Falls, where they are to re-
main for the present.

THE TEXAS SCARE.—INDEPENDENTS IN
MONTGOMERY COUNTY.—We have received
a letter from Capt. W. S. Taylor, who has
command of a patrol company in Montgo-
mery county, giving some of the circum-
stances which led to the suspicion that prop-
erty was in danger in that county, about
the 1st ult. The negroes on the plantation
of Judge Goldkneise, and many others,
have confessed, without compulsion, and
apart from each other, that four white men
were encamped in the San Jacinto bottom
previous to that time, and had frequent in-
terviews with the slaves. The white men
did not give their names, and the negroes
all say that they never before saw them in
the county.

These men, it is presumed, promised a
number of white men to assist the negroes,
and told them to burn the town of Montgo-
mery at night, steal all the money they
could; and promised to aid them in escap-
ing to a free territory, or Mexico. There
seems to be no doubt that such men were
concealed in the thicket; and Capt. Taylor
thinks their object was to steal negroes,
burn and plunder, and leave the impression
that abolitionists were at the bottom of the
work. This, we think, has been the case in
most other counties where these troubles
have been experienced. Kidnappers and
robbers have been the main instigators of
the outrages.

A Dallas correspondent of the same pa-
per gives the following items, in a letter
dated 2d inst.:

A rumor is currently circulating in town
this morning, to the effect that ten disguis-
ed men proceeded to the house of a Mr.
Barnett, at a late hour last night—forced
him from the bed where he and his wife
were sleeping—and of his fate nothing more
is known.

A man whose name I do not know, but a
bookkeeper in E. M. Stockpole's establish-
ment went to Fort Worth a few days ago
with his wife and two little children, to
visit her relatives. When returning, on
Monday last they reached Bear Creek, which
the late rains had raised, and unconscious
of its depth, they drove in, and horses, buggy
and all were carried down stream. With
difficulty he saved himself, but his wife,
children and horses were drowned.

The Columbus Citizen of the 8th inst.,
says:

We are informed that the negro plot men-
tioned by us as having been discovered in
Lyons, Fayette county, is all a hoax. A
few negroes, we are told, were taken up and
imprisoned, and from this sprang the report.

The Lavaca Press says:

It is rumored here that the Cherokees
have had a fight caused by the abolition ex-
ecution. Abolition missionaries and con-
verts, the number of 150, have been slain
and seven of the pro-slavery men.

A man by the name of McLary has been
tried at Cameron, Milan county, on a charge
of abolitionism, and was acquitted.

The Democrat of this city, for the short

time it has been in existence, has gained for

itself an unenviable reputation for making

false charges against its opponents, without

attempting, of course, for that is impossible,

to bring forward a particle of proof to back

up its wild assertions. Its policy is to make

wholesale charges of the most outrageous

character, and then stand back upon its

dignity (!) and say that they are good until

disproved. Such a mode of discussion may

suit the Democrat, which has no argument

but assertion, but we will not enter into it.

The other day it said that Mr. Lincoln

was "a Tory and a traitor to his country."

We called for the proof, but it utterly failed

to present it. It was an infamous aspersi-

on upon the character of a good man and

patriotic citizen, as could be coined. It

was, moreover, an insult to the party which

supports him, which does not yield to any

other party in the country in its patriotic

impulses. The Democrat may think to

pass such things off with a sneer, but it

cannot do so—the false and scandalous im-

pugnation is not forgotten, and will recoil upon

its authors.

So again, it wished to impress the public

mind with the idea that the republican party

is the abettor of treason, revolution, blood-

shed and insurrection. It made its charge,

as usual, without distinction upon the whole

party; and for a wondrous brought forward

what it called its proofs. They consisted

of what purported to be extracts from the

speeches and writings of public men—

Two of these extracts we knew to be for-

geries—those attributed to J. R. Giddings

and Horace Greeley. We know it, because

we have, several times, seen the exposure

of them by these gentlemen. They are old

forgeries, and if the editors of the Demo-

crat are at all pointed in their business, they

must have known it. Indeed, they ac-

knowledge that they had seen some sort

of a denial by Mr. Giddings. Of the other

extracts given, and attributed those who

are really republicans, no clue to their au-

thenticity can be obtained, because it is not in-

dicated where the speeches were made or the

sentiments published. But having found

two forgeries among them it is fair to con-

clude that the whole batch are lies, man-

THE MURDERED METHODIST CLERGYMAN

IN TEXAS.—The Albany Journal has the following in regard to one of the men recently murdered in Texas:

"Rev. Mr. Bewley, who was hung in Texas a few days since on suspicion of abolitionism, will be remembered by many who attended the general conference at Buffalo last May. He represented the Arkansas conference, and was recognized as a peaceful, humble and devoted evangelist. His views of slavery were of the mildest character, and he would be deemed the last man to thrust his views offensively—mild and conservative though they were—upon any community. On his removal to Texas a few months since, he carried with him the testimony of his humanity and devotion to his work. But he was a Methodist. That in Texas is deemed the equivalent of abolitionism, and he was a devoted minister of Christ, guilty of no crime, and on the merest suspicion that he cherished offensive opinions, was hung up like a murderer!"

Republicanism in Texas is also deemed equivalent to abolitionism. Here are two classes of citizens excluded from a portion of the republic because of their opinions upon religious and political subjects. It is because of the fanaticism of slavery, that these wrongs are committed. The democratic party of the country seeks to extend this institution—Douglas boasts that his popular sovereignty principle has extended it over New Mexico. Is it well for the country that the curse of such a barbarism as will not tolerate free principles and the exercise of religion, should be permitted to spread its net over the North American continent? Let all men ponder these things, and vote as conscience shall dictate, regardless of party.

The Democrat of this city, in the course of an article which is characterized by a fiendishness which is rarely equalled, even in the lower depths of politics, says that "the history of the republican party is smeared all over with blood." Suppose we should go to Alabama and write a similar article which contains this sentence, in relation to the democratic party; would we be safe from personal harm for one moment? And yet the author of that sentence goes about our streets, takes republicans by the hand, smiles when he meets them, and accepts their favors from them, and not a hair of his head is harmed. Why the difference? Because we feel here that even such errors may be tolerated, where the light of truth is permitted to shine without obstruction; but in a slave ridden country, their fears and their prejudices cloud the reason, and put out all emotions of charity. We here put a man whose intellect is so perverted as to permit him to write such a thing about his friends and neighbors—there a selfish fear destroys all pity.

The Democrat calls its forged extracts from republicans, and its classifications, arguments, and sets back on its dignity because the Gazette don't disprove them. The man who would ask another to disprove an assertion that the sun shines at midnight, would offer an exact parallel to our neighbor. If there is any proof required in the case, the Democrat should furnish it, as it has made the charge; and we will quietly hint that no paper with which we are acquainted needs proof of its assertions more than the Democrat.

This, we think, has been the case in most other counties where these trouble have been experienced. Kidnappers and robbers have been the main instigators of the outrages.

A Dallas correspondent of the same paper gives the following items, in a letter dated 2d inst.

A rumor is currently circulating in town this morning, to the effect that ten disguised men proceeded to the house of a Mr. Barnett, at the late hour last night—forced him from the bed where he and his wife were reposing—and of his fate nothing more is known.

A man whose name I do not know, but a bookkeeper in E. M. Stackpole's establishment went to Fort Worth a few days ago with his wife and two little children, to visit his relatives. When returning, on Monday last they reached Bear Creek, which the late rains had raised, and unconscious of its depth, they drove in, and horses, huggers and all were carried down stream. With difficulty he saved himself, but his wife, children and horses were drowned.

The Columbus Citizen of the 8th inst., says:

We are informed that the negro plot mentioned by us as having been discovered in Lyons, Fayette county, is all a hoax. A few negroes, were taken up and whipped for insubordination, and from this sprung the report.

The Lavaca Press says:

It is rumored here that the abolitionists have had a figure caused by the Cherokee movement. Abolition missionaries and converts, to the number of 150, have been slain and a man by the name of McLarey has been tried at Cameron, Milan county, on a charge of abolitionism, and was acquitted.

THE HENDERSON INCIDENTS.—We learn from the Henderson Times that after patient and protracted investigations, the vigilance committee found Green H. Herndon and his servant guilty of burning the town of Henderson, and they were hung on Saturday, August 25th.

Mr. Herndon was a slaveholder, and his crime illustrates the "Barbarism of Slavery," in its effects upon individual offenders, as well as upon the community where it exists in looking to every source but the right one for the cause of the trouble.

In Kanawha county, Va., there are five coal oil factories in operation, turning out 4,200 gallons of oil a day. There are also three other factories, the capacity of which have not yet been tested.

ATTENTION

Wide Awake! The regular meeting of the Wide Awakes has been postponed until Friday evening at 7 o'clock, for the purpose of escorting Hon. L. P. Harvey, who addresses the Republican Club, to the Hall. Let every Wide-Awake be at the Court Room at 7 o'clock precisely, with lamp and uniform for street parade, as arrangements for attending the Wide Awake Demonstration at Chicago, on the 2d of October, are to be made before parade.

A. B. McLEAN, Captain.

COUNTY FAIR—LAST DAY.—The attendance at the fair to-day was less than usual, as, indeed, it has been throughout. We left the ground at 2 o'clock, when a fall of rain postponed for a short time another ladies' riding-match which had been arranged for the afternoon, and before the addresses had been delivered, or the award of premiums declared. The forenoon's proceedings possessed no peculiar interest, and we shall defer until to-morrow a notice of the closing exercises.

The ladies' equestrian display came off at three o'clock yesterday afternoon. There was a spirited contest, and the riding was as good as we have ever seen at any of our fairs. The committee awarded the first premium of \$10.00 to Miss Ann Comstock, of Rock; 2d premium, \$7.00, to Miss H. Van Gelder, of La Prairie; 3d premium, \$5.00, to Miss Sarah Kildner, of Fulton; and the 4th premium to Miss Victoria Loucks, of Center. The committee upon making their award stated that three of the young ladies, whose names had been entered, were excluded from the contest for violating the rule of the society against racing.

THE DEAD OF THE DELAWARE RAILROAD CATASTROPHE.—The Delaware Journal says that the correct report of the dead was as follows: Mrs. Davis, of South Grove; Mr. Baker of Delaware; Miss Seaman, of Delaware; son of Mr. Catlin, Barren; Geo. Stoopell, Sharon.

We are pained to announce that, in addition to the above, Mr. WILLIAM ZWILL, of Johnston, in this county, died this morning, of injuries received at the railroad accident. The loss of Mr. Zwill is universally regretted. He was a very enterprising farmer and a public spirited man, devotedly attached to his calling. He was a large stock raiser, and a liberal promoter of all movements for the improvement of agriculture. His absence was frequently spoken of at our county fair, and much sorrow was expressed by his brother farmers who had been in the habit of meeting him here, for the loss they had sustained by his untimely death.

INFORMATION WANTED.—John W. Herrington, a lad about 12 years old, left his father's house in Janesville, Sept. 4th. When he left he wore a light colored plaid jacket and dark colored plaid pants, a chip hat, a white shirt and a pair of shoes. He took with him a satchel containing a shirt only. The lad has black eyes, brown hair, rather small for his age, and no peculiar mark or appearance.

Any information in relation to him, addressed to his father, John Herrington, Janesville, will be thankfully received.

Papers with whom we exchange are requested to copy this notice.

MILITARY.—The military met on Tuesday evening, pursuant to adjournment. No drill was held, owing to the fact that no room had been secured, as was anticipated, and the meeting proceeded to the transaction of business.

A number of names were proposed as titles for the organization. A ballot was taken for a choice, and "JANESVILLE CITIZENS' CORPS" having received all but one of the ballots, that title was declared unanimously adopted.

On motion, the proceedings of this meeting were ordered published.

After the transaction of some other unimportant business, the meeting adjourned until Tuesday evening next, for drill.

J. B. KING, President.

H. R. CURTIS, Secretary.

Badger Base Ball Club will meet on their grounds for field exercise, on Friday afternoon at 4 o'clock. A full and prompt attendance is desired.

By order of the President.

CHURCH.—The republicans of the southern assembly district have nominated Mr. O. J. White for the assembly.

PERSONAL.—We received a call to-day from Mr. H. Lindeman, editor of the German paper at Watertown, and one of the republican presidential electors for this state. Mr. L. represents the cause of republicanism as gaining ground among the Germans, and that the prospect of electing Mr. Sloan in the third district is good.

BOOTH OF THE STUMP.—At Ripon the other night, when A. Scott Sloan was nominated for congress in the 3d district, Sherman M. Booth made a long speech to an enraptured audience. He pledges Sloan his cordial support.—La Crosse Union and Democrat.

Inasmuch as Booth was not at Ripon at all that day, and consequently made no speech, wouldn't it be highly proper for the editor of the Union to correct his "error"? We have no doubt, however, that Mr. Booth prefers Mr. Sloan for a representative in congress to his competitor. With all his short-comings he is not so far reduced in manhood as to vote for Larrabee.—Portage City Record.

Simon Sanborn, a conductor on the Erie railroad, fell off his train just after it had passed Friendship, N. Y., last Thursday evening, and being run over he lived but half an hour.

The City Treasurer Has removed his office to the room over the Meat Market on the upper bridge, and he respectfully gives notice to all who have not paid in their taxes to do so without delay, and save costs, as the time for collecting the same is drawing to a close.

GEO. A. YOUNG, City Treasurer.

Assertions Went On.

The Democrat of this city, for the short

time it has been in existence, has gained for

itself an unenviable reputation for making

false charges against its opponents, without

attempting, of course, for that is impossible,

to bring forward a particle of proof to back

up its wild assertions. Its policy is to make

wholesale charges of the most outrageous

character, and then stand back upon its

dignity (!) and say that they are good until

disproved. Such a mode of discussion may

suit the Democrat, which has no argument

but assertion, but we will not enter into it.

The other day it said that Mr. Lincoln

was a "tory and a traitor to his country."

We called for the proof, but it utterly failed

to present it. It was an infamous aspersion

upon the character of a good man and

patriotic citizen, as could be proved. It

was, moreover, an insult to the party which

supports him, which does not yield to any

other party in the country in its patriotic

impulses. The Democrat may think to

pass such things off with a sneer, but it

cannot do so—the false and scandalous im-

puration is not forgotten, and will recoil upon

its authors.

So again, it wished to impress the public

mind with the idea that the republican party

is the abettor of treason, revolution, blood-

shed and insurrection. It made its charge,

as usual, without distinction upon the whole

party; and for a wonder brought forward

what it called its proofs. They consisted

of what purported to be extracts from the

speeches and writings of public men.—

Two of these extracts we knew to be for-

geries—those attributed to J. R. Giddings

and Horace Greeley. We know it, because

we have, several times, seen the exposure

of them by these gentlemen. They are old

forgeries, and if the editors of the Demo-

crat are at all posted in their business, they

must have known it. Indeed, they ac-

knowledgeed that they had seen some sort

of a denial by Mr. Giddings. Of the other

extracts given, and attributed those who

are really republicans, no clue to their authen-

ticity can be obtained, because it is not in-

dicated where the speeches were made or

the sentiments published. But having found

two forgeries among them it is fair to con-

clude that the whole batch are lies, man-

THE MURDERED METHODIST CLERGYMAN

IN TEXAS.—The Albany Journal has the

following in regard to one of the men re-

cently murdered in Texas:

"Rev. Mr. Bewley, who was hung in Tex-
as a few days since on suspicion of abso-
lutionism, will be remembered by many who
attended the general conference at Buffalo
last May. He represented the Arkansas
conference, and was recognized as a peace-
ful, humble and devoted evangelist. His
views of slavery were of the mildest charac-
ter, and he would be deemed the last man
to thrust his views offensively—mild and
conservative though they were—upon any
community. On his removal to Texas a
few months since, he carried with him tes-
timonials of his humility and devotion to
his work. But he was a Methodist! That
in Texas, is deemed the equivalent of ab-
lutionism; and the devoted minister of
Christ, guilty of no crime, and on the merest
suspicion that he cherished offensive op-
inions, was hung up like a murderer!"

Republicanism in Texas is also deemed
equivalent to abolitionism. Here are two
classes of citizens excluded from a portion
of the republic because of their opinions
upon religious and political subjects. It is
because of the fanaticism of slavery, that
these wrongs are committed. The demo-
cratic party of the country seeks to extend
this institution—Douglas boasts that his
popular sovereignty principle has extended
it over New Mexico. Is it well for the
country that the curse of such a barbarism
as will not tolerate free principles and the
exercise of religion, should be permitted to
spread its net over the North American
continent? Let all men ponder these
things, and vote as conscience shall dictate,
regardless of party.

The Democrat of this city, in the
course of an article which is characterized
by a feigning of which is rarely equalled,
even in the lower depths of politics, says
that "the history of the republican party is
smeared all over with blood." Suppose we
should go to Alabama and write a similar
article which contains this sentence, in re-
lation to the democratic party; would we
be safe from personal harm for one mo-
ment? And yet the author of that sentence
goes about our streets, takes republicans by
the hand, smiles when he meets them, ac-
cepts neighborly favors from them, and not
a hair of his head is harmed. Why the
difference? Because we feel here that even
such errors may be tolerated, where the light
of truth is permitted to shine without ob-
struction; but in a slave ridden country,
their fears and their prejudices cloud the
reason, and put out all emotions of charity.
We here pity a man whose intellect is so
perverted as to permit him to write such a
thing about his friends and neighbors—
there a selfish fear destroys all pity.

The Democrat calls its forged ex-
tracts from republicans, and its classifica-
tions, arguments, and sets back on its dig-
nity because the Gazette does not disprove
them. The man who would ask another to
disprove an assertion that the sun shines at
midnight, would offer an exact parallel to
our neighbor. If there is any proof requir-
ed in the case, the Democrat should furnish
it, as it has made the charge; and we will
quietly hint that no paper with which we
are acquainted needs proof of its assertions
more than the Democrat.

A VALUABLE DOCUMENT.—A document,
published in the Times and Herald some
weeks ago, entitled "Lincoln's Abolition-
ism," has been published in pamphlet form,
and can be had at the rate of fifty cents per
hundred copies, by addressing Virgil Hic-
ock, Springfield, Ill. This is a most valu-
able document, and commits Mr. Lincoln
most completely to the doctrine of negro
equality. It should be in the hands of ev-
ery voter in the country.—Chicago Times
and Herald.

Inasmuch as the Democrat of this city is
endeavoring to prove that Lincoln is not an
anti-slavery man, we suppose they will not
aid the Times and Herald in advertising this
"valuable document," we therefore
give them the benefit of the publication of
the above notice without charge. It is evi-
dent that the democracy, as usual, have two
kinds of documents—one for southern lo-
calities and the other for northern. It is
some like Douglas' position on the tariff—
for protection in Pennsylvania and for free
trade in Alabama. We don't believe such
a two-faced, double dealing party can cheat
the people into their support.

Gov. Seward in St. Paul.

The telegraph gives us the following ac-
count of the reception of Gov. Seward at
St. Paul, on Tuesday last:

Seward arrived here last Sunday morning,
Monday he visited Minneapolis, St. Ant-
hony, and Minnesota Falls. Public recep-
tion and escorts by Wide Awakes awaited
at each town. Speeches were made by Seward,
Adams, Nye and Wilkinson.

He was welcomed to St. Paul by Wide
Awakes and citizens, and attended a ball
given by Gov. Ramsey. To-day he addressed
a large meeting here. His speech, which was
very able, was fully reported for the St.
Paul paper. He goes down the river to-
night to Dubuque, from thence to Kansas.
He will be here a gala day for St. Paul
and vicinity. At an early hour this fore-
noon, throngs of Wide Awakes and others
came thronging into the city. Crowds came
together from St. Anthony, Minneapolis and
Brooklyn. A large delegation came from
Hennepin, also from Washington and other
neighboring cities.

The day has been on the whole pleasant
for such a political gathering. The first of
the afternoon the procession escorted Gov.
Seward and party through several of the
principal streets to the Capital Park. He
delivered a speech of over two hours dura-
tion, which was eagerly listened to by the
great assembly.

This evening a torch light procession of
Wide Awakes came off, numbering several
hundred, and also a display of fireworks.
Altogether the day will long be remembered
by the republicans of Minnesota, who had
the pleasure of listening to the distinguish-

ed gentleman.

PERSONAL.—Mrs. Stephen A. Douglas
will arrive in this city on Friday and has
taken rooms at the Tremont house.

The Marquis and Marchioness of Chan-
doe, have also taken rooms at this hotel.

The Prince of Wales, with his entire
suite, will arrive here on Friday evening.
They have selected the Richmond house for
their home while in our city. The party
consists of Lord Randolph, His Grace, the
Duke of Newcastle; Earl St. Germaine;
the Lord Lyons; Major General the Hon.
B. Bruce; Major Teasdale, Captain Grey;
Mr. Engleheart, Mr. Ware, Mr. Jenner,
Dr. Acland and about forty others.—Chi-
cago Journal.

ALL SORTS OF PARAGRAPHS.

Fully ten per cent. of all the apparent
gold coin in circulation, is estimated to be
bogus; much of it being so admirably ex-
ecuted as to deceive bank officers and other
first class judges. The natural and legiti-
mate loss in value of gold coin is immense.
The estimated loss on the coin in circula-
tion in the United States is over \$1,000,
000 per annum.

Blondin has taken down his rope at Ni-
agara, having given his last walking exhi-
bition of the season on last Saturday, in
the presence of the Prince of Wales and
party, who were greatly astonished by the
little Frenchman's extraordinary feats.—
The Prince complimented Blondin, con-
versing with him in French, and made a
present to him of \$500 before his depart-
ure from the falls.

Hon. John C. Breckinridge is said to be
confined to his home by illness.

Five editors in Michigan have been nom-
inated for the legislature this year.

A school master in New London, Con-
necticut, has sued a pupil named Gordon,
for damages for an assault, and recovered a
verdict of \$200.

The Prince of Wales, when at Niagara
Falls last Saturday, is described by the
Buffalo Commercial Advertiser as "dressed
in coarse cassimere pants, blue frock coat,
white hat and English shoes. He is about
5 feet, 7 inches in height. His complexion
is light and girlish, giving him rather an
effeminate air. On his finger he wears a
handsome seal ring, also a plain one—
these, with a gold chain, are the only or-
naments visible about his person.

The largest sugar estate in Cuba con-
tains 11,300 acres, employs 866 slaves, and
turns out 16,000 boxes of sugar. The
smallest number of slaves employed on any
estate is 300, and no estate has less than
6,000 acres. The yield to each slave is 10,
000 pounds of sugar. There 2,000 sugar
estates on the island.

Another steel in the Illinois treasury is
heralded. The abstraction of \$6,480 of
copper in state bonds has been traced to
ex-Gov. J. A. Matteson.

Rev. Orestes A. Brownson, the distin-
guished reviewer of the catholic faith, has
declared for Lincoln and the doctrines of
the republican party. Rather a remark-
able convert to republicanism.

Mrs. E. C. Goodwin, of Minneapolis, well
known as a daguerrean artist, committed
suicide by stabbing herself with a knife on
Monday evening last. She had been sick
some days with a fever, and was suffering
much from mental depression at the time.

Ice formed half an inch thick in the
North Woods, Herkimer Co., N. Y., last
Monday and Tuesday, and there was snow
on the Catskill mountains Thursday morn-

The Cincinnati Price Current says a re-
markable feature of trade with the south is
the shipment of cabbages, cucumbers and to-
matos to Tennessee and Georgia—unmis-
takable evidence of the nature and conse-
quence of the drought.

THE LITTLE DOGB.—On the 1st of
March, 1855, Stephen A. Douglas, in his
place in the senate of the United States
said: "I am for a reduction of the tariff
to a strict revenue standard. I am a free
trade man to the fullest extent we can
carry it, and at the same time collect revenue
enough to defray the expenses of the gov-
ernment. In other words, I am for no other
kind of a tariff than a revenue tariff."

The other day at Harrisburg, Pa., where
he thought he could make a few votes, he
entered into a defence of the protective tar-
iff policy, especially as applied to Pennsylv-
ania interests. Did the world ever behold
such a spectacle! "Now you see it—now
you don't!"

A LADY WHO DRESSED WELL.—The ex-
corters of a lady named Desmond, who
died at Brompton last May, sold the extra-
ordinary number of 1,800 silk dresses, 700
velvet mantles, 200 bonnets, and upwards of
100 pairs of shoes, with innumerable ker-
chiefs and scarfs of all colors of the rain-
bow, which had been purchased by the de-
ceased lady within ten years of her demise.

TAKE SOME THERE.—Cats are in demand
at Pike's Peak, as mice are plenty, though
rats are not known in that part of the coun-
try. Cats sell at a high price. Indians are
said to be very fond of them, and have been
known to give three or four buffalo skins,
valued at four or five dollars each, for a cat.

SHIPPING VEGETABLES SOUTH.—The Cin-
cinnati Price Current says: "A remarkable
feature of the trade with the south is the
shipment of cabbages, cucumbers and to-
matos to Tennessee and Georgia—unmis-
takable evidence of the nature and conse-
quence of the drought."

A DAGUERRETYPE IN TROUBLE.—A
daguerreotype, named Douglas, of New
York, has been prosecuted by Matilda Foule
for exposing, in his show window, her like-
ness with a card attached on which are the
following words: "The proprietor would
like to know where the original may be found."

GERMAN REPUBLICAN STATE CONVEN-
TION.—A state convention of the German
republicans of New York, to adopt meas-
ures for the vigorous prosecution of the
campaign, will be held at Albany on Thurs-
day next. Two delegates from each con-
gressional district have been appointed.

So great is the pressure upon its means,
that the New York Central railroad has con-
cluded to refuse all grain in bulk, and carry
none but such as is in barrels or bags, at
least until the storage accommodations at
this end are cleared.

Allen county, Indiana, contains 29,282
inhabitants. In 1850 it contained 16,919,

seat, has 5,540 inhabitants.

GOV. SEWARD'S ARABIAN HORSES.—A
telegram from Boston announces that the
three Arabian horses presented to Gov.
Seward by Ayoub Bey, have safely reached
Boston. Messrs. Dabney & Cammigham,
to whom they were consigned, will forward
them as soon as they are able to bear the
journey to Albany, whence they will be sent
on by the Central road to Judge Sackett's
farm at Seneca Falls, where they are to re-
main for the present.

THE TEXAS SCARE.—INCENDIARIES IN
MONTGOMERY COUNTY.—We have received
a letter from Capt. W. S. Taylor, who has
command of a patrol company in Mont-
gomery county, giving some of the circum-
stances which led to the suspicion that prop-
erty was in danger in that county about
the 1st ult. The negroes on the plantation
of Judge Goldthwaite, and many others,
have confessed, without compulsion, and
apart from each other, that four white men
were encamped in the San Jacinto bottom
previous to that time, and had frequent in-
terviews with the slaves. The white men
did not give their names, and the negroes
all say that they never before saw them in
the country. These men procured a large
number of white men to assist the negroes,
and told them to burn the town of Mont-
gomery at night, steal all the money they
could; and promised to aid them in escap-
ing to a free territory, or Mexico. There
seems to be no doubt that such men were
concealed in the thicket; and Capt. Taylor
thinks their object was to steal negroes,
burn and plunder, and leave the impression
that abolitionists were at the bottom of the
work. The white men, who were in the
most other counties where these troubles
have been experienced. Kidnappers and
robbers have been the main instigators of
the outrages.

A Dallas correspondent of the same pa-
per gives the following items, in a letter dat-
ed 2d inst.:

A rumor is currently circulating in town
this morning to the effect that the dis-
graced men proceeded to the house of Mr.
Barnett, at a late hour last night—forced
him from the bed where he and his wife
were reposing—and of his fate nothing more
is known.

A man whose name I do not know, but a
bookkeeper in E. M. Stackpole's establish-
ment, went to Fort Worth a few days ago
with his wife and two little children, to
visit her relatives. When returning, on
Monday last they reached Bear Creek, and
the late rains had raised, and unconscious
of its depth, they drove in, and horses, bug-
gy and all were carried down stream. With
difficulty he saved himself, but his wife,
children and horses were drowned.

The Columbus Citizen of the 8th inst.,
says:

We are informed that the negro plomen-
tioned by us as having been discovered in
Lyons, Fayette county, is all a hoax. A
few negroes, were taken up and whipped for
insubordination, and from this sprang the
report.

The Lavaca Press says:

It is rumored here that the Cherokees
have had a fight caused by the abolition ex-
citement. Abolition missionaries and con-
verts, to the number of 150, have been slain
and seven of the pro-slavery men.

A man by the name of McLarey has been
tried at Cameron, Milan county, on a charge
of abolitionism, and was acquitted.

THE HENDERSON INCENDIARIES HUNG.—
We learn from the Henderson Times that
after patient and protracted investigations,
the vigilance committee found George Hen-
derson and his servant guilty of burning the
town of Henderson, and they were
hung on Saturday, August 25th.

Mr. Herndon was a slaveholder, and his
crime illustrates the "Barbarism of Slave-
ry," in its effects upon individual offenders,
as well as upon the community where it ex-
ists in looking to every source but the right
one for the cause of the trouble.

THE APPEAL OF A DEMAGOGUE.—We
publish to-day a translation of the address
of Mr. J. D. Beyer to the Norwegian vot-
ers of this congressional district. It is one
of the weakest efforts, in its way, with
which we remember to have met.

In almost the same breath he tells his
countrymen he is a democrat, and in the
states—the ultra abolition ground—of a
Wilnot Proviso man; and in favor of
squatter sovereignty, the essence of which is
indifference whether slavery is voted up or
down. Again, he wants the Norwegian vot-
ers to support him because he was born in
Norway. What would he say—what would
his supporters say—if Mr. Hanchett should
urge the American voters to support him
because he was born in America? Yet,
such an appeal would be the same in prin-
ciple as that of Mr. Beyer.

To-morrow we shall lay before our read-
ers a sharp article from the Emigrant, the
Norwegian republican paper in this state,
showing how his attempt to catch republi-
can voters by these hypocritical and false
professions is regarded by the people to
whom they are addressed. In the mean-
time we will only add, as a matter of jus-
tice to the democracy of this district, that
he would never have been nominated had
they not known that no democrat they
might nominate could be elected. His
standing with his own party may perhaps
be best inferred from the report of the land
grant corruption investigation, by which it
appears that in 1856, when first class dem-
ocrats were commanding from \$10,000 to
\$25,000 apiece in corruption bonds, Beyer
only brought the pitiful sum of \$1,
000.—Madison Journal.

Whisky will not always cure rattlesnake
bites. Uriah Garten, of Marion county,
Kentucky, was recently bitten, and immedi-
ately made himself insensibly drunk. He
died, however, in a few hours, from the ef-
fects of the animal or the vegetable poison,
or perhaps from both combined.

In Kanawha county, Va., there are five
coal oil factories in operation, turning out

ATTENTION

Wide Awake!

The regular meeting of the Wide Awake has been postponed until Friday evening at 7 o'clock, for the purpose of escorting Hon. L. P. Harvey, who addresses the Republican Club, to the Hall. Let every Wide-Awake be at the Court Room at 7 o'clock precisely, with lamp and uniform for street parade, as arrangements for attending the Wide Awake Demonstration at Chicago, on the 2d of October, are to be made before parade.

A. B. McLEAN, Captain.

COUNTY FAIR—LAST DAY.—The attendance at the fair to-day was less than usual, as, indeed, it has been throughout. We left the ground at 2 o'clock, when a fall of rain postponed for a short time another ladies' riding match which had been arranged for the afternoon, and before the addresses had been delivered, or the award of premiums declared. The forenoon's proceedings possessed no peculiar interest, and we shall defer until to-morrow a notice of the closing exercises.

The ladies' equestrian display came off at three o'clock yesterday afternoon. There was a spirited contest, and the riding was as good as we have ever seen at any of our fairs. The committee awarded the first premium of \$10.00 to Miss Ann Comstock, of Rock; 2d premium, \$7.00, to Miss H. Van Gelder, of La Prairie; 3d premium, \$5.00, to Miss Sarah Kidder, of Fulton; and the 4th premium to Miss Victoria Loucks, of Center.

The committee upon making their award stated that three of the young ladies, whose names had been entered, were excluded from the contest for violating the rule of the society against racing.

THE DEAD OF THE DELAWARE RAILROAD CATASTROPHE.—The Delaware Journal says that the correct report of the dead was as follows: Mrs. Davis, of South Grove; Mr. Baker of Delavan; Miss Seaman, of Delavan; son of Mr. Catlin, Darien; Geo. Stoopell, Sharon.

We are pained to announce that, in addition to the above, Mr. WILLIAM ZUILL, of Johnston, in this county, died this morning, of injuries received at the railroad accident. The loss of Mr. Zuill is universally regretted. He was a very enterprising farmer and a public spirited man, devotedly attached to his calling. He was a large stock raiser, and a liberal promoter of all movements for the improvement of agriculture. His absence was frequently spoken of at our county fair, and much sorrow was expressed by his brother farmers who had been in the habit of meeting him here, for the loss they had sustained by his untimely death.

INFORMATION WANTED.—John W. Herrington, a lad about 12 years old, left his father's house in Janesville, Sept. 4th.—When he left he wore a light colored plaid jacket and dark colored plaid pants, a chip hat, a white shirt and a pair of shoes. He took with him a satchel containing a shirt only. The lad has black eyes, brown hair, rather small for his age, and no peculiar mark or appearance.

Any information in relation to him, addressed to his father, John Herrington, Janesville, will be thankfully received.

Papers with whom we exchange are requested to copy this notice.

MILITARY.—The military met on Tuesday evening, pursuant to adjournment.—No drill was held, owing to the fact that no room had been secured, as was anticipated, and the meeting proceeded to the transaction of business.

A number of names were proposed as titles for the organization. A ballot was taken for a choice, and "JANESVILLE CITIZENS' CORPS" having received all but one of the ballots, that title was declared unanimously adopted.

On motion, the proceedings of this meeting were ordered published.

After the transaction of some other unimportant business, the meeting adjourned until Tuesday evening next, for drill.

J. B. KING, President.

H. B. CLIM, Secretary.

Badger Base Ball Club will meet on their grounds for field exercise, on Friday afternoon at 4 o'clock. A full and prompt attendance is desired.

By order of the President.

GARIS COUNTY.—The republicans of the southern assembly district have nominated Mr. O. J. White for the assembly.

PERSONAL.—We received a call to-day from Mr. H. L. Lingham, editor of the German paper at Watertown, and one of the republican presidential electors for this state. Mr. L. represents the cause of republicanism as gaining ground among the Germans; and that the prospect of electing Mr. Sloan in the third district is good.

BOOTH ON THE STUMP.—At Ripon the other night, when A. Scott Sloan was nominated for congress in the 3d district, Sherman M. Booth made a long speech to an enraptured audience. He pledged Sloan his cordial support.—La Crosse Union and Democrat.

Simonsen, a conductor on the Erie railroad, fell off his train just after it had passed Friendship, N. Y., last Thursday evening, and being run over he lived but half an hour.

H. J. TURNER, A. M., PRINCIPAL.

5th Academic Year.

THIS institution is strictly a Family Boarding School, and is under the immediate supervision of Prof. Turner, formerly of Utica, N. Y. Prof. Turner's long experience as a teacher, the beautiful and ample grounds attached to this residence, and Academy, and their beautiful position, recommend them to the parents who desire to send their children to the care of Prof. Turner, who will superintend the studies of the institution, and give particular attention to the modern languages.

The French, being the language of the family, will be the language of the Institution.—German and English are also taught and spoken. Prof. Turner will guarantee that, independent of their other studies, his pupils will, at the close of the academic year, speak and write the French language. When pupils are far enough advanced in French, instruction will be given in Spanish or Italian.

Prof. Turner will give particular attention to the Family Department; her kindness and long experience qualify her well to discharge the difficult duties of the Institution, and she will spare no efforts to secure the comfort of all confined to her care.

The next term of the Institution commences the first day of October. For circulars, or further particulars, address

PROF. H. J. TURNER.
